

Service is a Growth Opportunity District 189 Day of Workshops

I'm so glad I became an AMIAS to help Alateens. I didn't realize that I would be healing my own childhood, too.

When I was on a Convention Committee, it was like a business with wonderful people and different ideas that came together beautifully. Everyone treated each other respectfully, even when they disagreed.

I learned, just from reading literature to chair a meeting, how to improve communications with my loved ones!

I've been a greeter, a Group Treasurer & now I'm a Group Rep. I'm a new person who matters to myself and to others. I have fun & life is better.

Our group didn't have a CMA & we missed out on important events and information. I found out it was just "Current Mailing Address" and that's no big deal. Now, our group gets to vote and attend events we've missed. It's like we've rejoined Al-Anon.

I'm so grateful for CAL (Conference Approved Literature). I cherish my books, pamphlets & bookmarks.
